Metropolitan Educational Theatre Network is a non-profit educational organization that provides young people with the unique opportunity to be active participants in the dramatic process as actors, singers, and dancers. Alex H. Urban, renowned educator and theatre director for over 35 years, has designed a program that is based on building self-confidence, self-esteem, grace, and poise within the individual.

**Studies show that young people who grow up participating in the arts score higher on the SAT by an average of 51 points on verbal and 38 points on math. That is the power of creativity!**
